

Well, after the days of horrendous rain the crosscountry field was totally waterlogged. So we had to do a bit of quick thinking and change things around. We ran a jumpcross type event. Kirsteen, Mugs and I spent Saturday marking off a track round the fields and placing showjumps along the way. It wasn't perfect but an ideal compromise in the circumstances. The event started with a very sloppy dressage, and most people went straight onto the XC from there. After completing the "jumpcross" it was straight into the showjumping. We only had one downpour then it brightened up. The first few competitors got completely soaked, as did the poor jump judges (including me!!!!)

Thank you to all the helpers on the day. Pat Kennedy for judging dressage, Frances Baker for writing. Charlie Baker at the start and fence 1. Kirsteen & Caroline fence judging, Susan and Donna stewarding & handing out number bibs, Kevin sorting parking and any other job we could find. Fiona helping out wherever needed. And of course Mugs for running about on her quad feeding the helpers.

Everyone who came had a great day. The phases were marked using dressage penalties (as a ODE would be marked) adding the SJ penalties and JumpX penalties. In the jumpcross we gave 10 penalties for a knockdown and 20 penalties for a stop.
